## RIGHTS OF APPEAL

46 Code of Federal Regulations Subpart 1.03-15

33 Code of Federal Regulations Subpart 101.420; 127.015; 128.311; 154.1075; 160.7

Any person directly affected by a decision or action of an OCMI or an order or direction of a COTP may, **after requesting reconsideration to the cognizant OCMI**, make a formal appeal, via the office of the cognizant OCMI, to the District Commander of the district in which the cognizant OCMI is located.

When requesting that a decision, action, order or direction be reconsidered or reviewed, such request must be made within 30 days after the decision is rendered or the action is taken.

When making a formal appeal, such appeal must be submitted in writing and received by the authority to whom the appeal is required to be made within 30 days after the decision, action, order or direction being appealed, or within 30 days after the last administrative action required by this subpart. Upon written request and for good cause, the 30 day time limit may be extended by the authority to whom the appeal is required to be made.

A formal appeal must contain a description of the decision, action, order or direction being appealed and the appellant's reason(s) why the decision, action, order or direction should be set aside or revised.

Formal appeals made to the Commandant shall be addressed to:

- (1) Commandant (CG-543) for appeals involving vessel inspection issues, load line issues, and vessel manning issues; or
- (2) Commandant (CG-544) for appeals involving facility safety and/or security inspection issues.

Failure to submit a formal appeal in accordance with these procedures and time limits results in the decision, action, order or direction becoming final agency action.
